

Outmaneuver Competitors. Win More Deals.

Real-time sales intelligence based on LinkedIn activity.

The Problem — What GTM Teams Miss

Missing Intent

You react after competitors already run discovery calls.

Wasted Resources

Spray-and-pray creates pipeline clutter and inefficiency.

Late Signals

Traditional intent signals arrive after the prospect is already deep in another vendor's funnel.

What CAM Does

Track Competitors

Monitor SDRs, BDRs, and AEs at key competitors

Detect New Connections

Identify every new LinkedIn connection instantly

Email Enrichment Included

Verified email enrichment part of every plan

ICP Filtering (Optional)

CAM can filter by your ICP, or your team can

Mobile Enrichment Optional

Mobile numbers available for \$0.50 per matched mobile

Take Action Faster

Convert high-intent prospects already engaging your competitors

How CAM Works

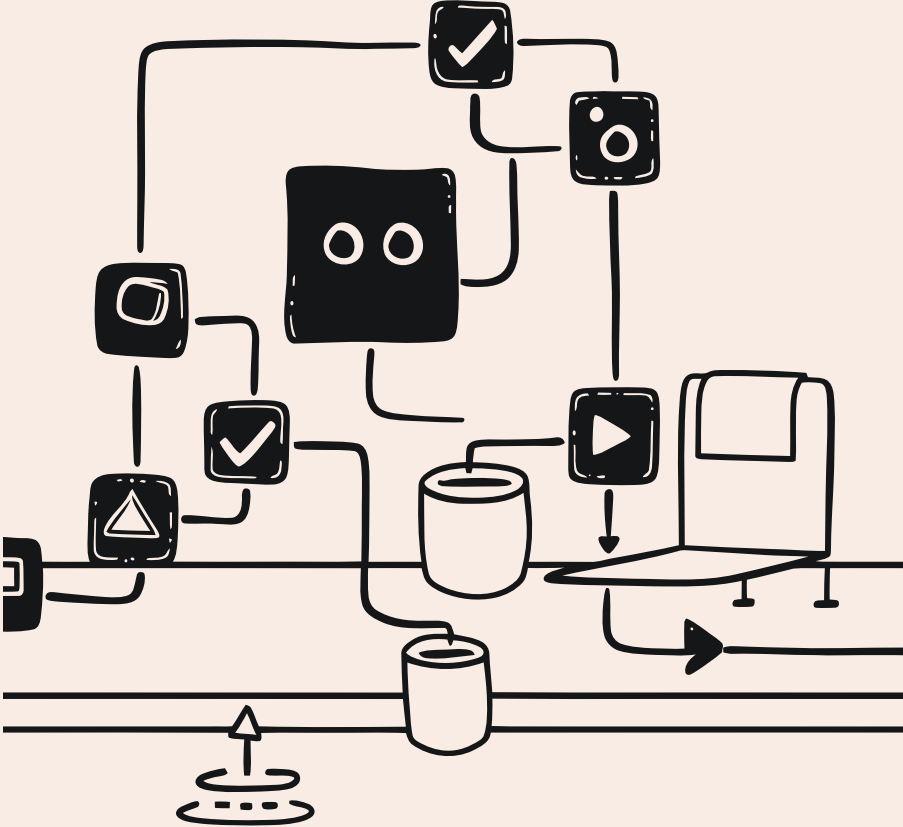

Choose Competitors

Choose Reps to Track

Receive Enriched Signals

Intercept Their Pipeline

Compliant by Design

LinkedIn-compliant, read-only intelligence

No automation, scraping, or account access

SOC-aligned security best practices

GDPR-aligned data handling

Built for enterprise GTM teams
